# SELBACH-OSTER

Our assets have much to do with our hands. Since several generations (since 1660 in our family ownership) as a matter of fact. Our main treasure is simply what nature presents us with: excellent vineyard-sites in the heart of the Mosel region, old, ungrafted vines on steep, south-facing slopes planted on heat-retaining, mineral-rich, rocky slate soil. Granted, these “assets” bring various risks year-in – year-out... but also great opportunities. Most important, however, are the results.

## ALLIANCE LOIRE

In the Saumur region, the tufa stone unites with the climate of the Anjou region to give Saumur wines their character. The main grape varieties are mostly Cabernet franc and Chenin.

With the first frosts, the vine leaves change colour and start falling; the vine goes into winter hibernation. Winegrowers prune the vine shoots and monitor the number of buds per stock. This is a glimpse at the quantity and quality of the future crop. Pruning is adapted to each vine stock. At the end of March, the buds open, the vine awakens, marking the arrival of spring. The first leaves gradually appear and the branches spread and entwine.

The grape harvest begins at the end of September or the beginning of October. The winegrowers pick the grapes plot by plot to gather at peak maturity. The expression of a terroir requires perfect ripeness. The harvest marks the end of the life of a grape and the beginning of the life of wine. The cycle of the vine is repeated annually and is greatly influenced by climate conditions. These conditions create the identity of our wines and produce unique wines from one year to another.

## DOMINI DE LA CARTOIXA

The winery's vineyard in El Molar (Catalonia) is made up of eleven hectares of wine stocks, which are surrounded by woods and open countryside and belong to the prestigious D.O.C. Priorat.

Every year the vines are controlled using strictly scientific criteria in order to produce ripe fruit which reflect the 'terroir' and natural surroundings.

# BADIA A COLTIBUONO

Badia a Coltibuono, or the “The Abbey of Good Harvest”, lies in the heart of the Chianti Classico region, between Florence and Siena. The Abbey is approximately two thousand years old, but history records date the property back to the Etruscan civilizations of the 3<sup>rd</sup> Century BC. Today, the estate is composed of vineyards, chestnut, walnut, and olive trees, all of them lying on one of the best sites in the Chianti area, where the soil is very rich and the climate is mild and sunny all year round. Badia a Coltibuono is very proud to produce some of Tuscany’s finest and most noble wines.
